- **God is Alive and Well** *Did you know the Ark of the Covenant has been found? It was hidden right under where Christ was crucified. Did you know Christ's blood was found on the mercy seat of the ark, examined and found only to have had 24 chromosomes instead of the normal 46? What this means is that there was 23 from one parent (Mary) and one additional "y" chromosome gene to make Him a him!*

Are the worlds leaders so confident in establishing a New World Order that they are all coming out of the closet? Arafat making the sign of the beast?

Aleister Crowley 1875-1947--Aleister Crowley is the occultist and Satanist that is maybe the most well known. His works "**The Book of the Law**", "Magick in Theory and Practice" and "The Book of Thoth" are broadly used in occult circuits. Crowley himself didn't take much credit for having written them, as he stated they were written by automatic handwriting, being channeled from a higher being called Aiwaz (or Aiwass)

for a full-scale war on Iraq, as a stepping stone to imperial world government.

The goal of the CFR is to influence all aspects of society in such a way that one day Americans would wake up and find themselves in a ONE NEW WORLD SYSTEM "whether they liked it or not." Their hope was to get Americans to the point where entering a world government would seem natural and so that they would blink and miss what it is their naked eyes were truly seeing.
